THE MAZE TOUR

The Maze format teaches everyone to pay attention to their teammates, follow instructions and learn from others. A 12 x 12 grid is laid on the ground, the task is for all the delegates to work together to get a team member from one side of the maze to the other. The Blindfold Maze task helps to build trust amongst teammates, encourage teamwork and team members to follow instructions from one group leader. One member is blindfolded, one has his mouth covered and one cannot hear, the remaining team is on the outside of the maze issuing instruction and must guide his team through the maze. The leader must provide through instructions, while the other team members need to work as a cohesive unit and follow directions. Teams do a couple of small tasks at the table to stagger the teams going into the maze, then get sent off in to the maze and are expected to find answers within the mazes
